

LABEL RF NT-E4040/BC

#5281474 | RF 8.2 MHz

Nedap RF labels belong to the best performing labels world-wide. They are the only RF EAS labels that are tested 100% meaning not only each label will work, it will as well have a minimum performance. This provides a very stable detection and deactivation performance. Nedap RF labels are compatible with all RF 8.2 MHz systems.

LABEL RF NT-E4040/BC

This economy 4x4 RF label is applicable on most standard retail products. Due to the dummy barcode the label is less recognizable as an EAS security label.

Benefits

- 40 x 40 mm
- Economy label
- Due to the dummy barcode the label is less recognizable as an EAS security label

Technical Specifications

Resonance frequency	8.2 MHz +/- 5%
Size	20 x 65mm
Q Factor	60
Effective Signal Volume	1.50 liter
QV	90
Quantity per roll	1.000
Quantity per carton	20.000 pcs
Carton size	325 x 325 x 230 mm
	1.07 x 1.07 x 0.75 ft
Carton weight	12.8 kg / 28.22 Lbs
